PROFILE

Youssef Fawzy is a professional graphic designer with more than two years of experience, having worked with clients from various industries. His goal is to create designs that stand out and resonate with his clients' target audience, using tools such as Adobe Creative Suite, Figma, and Sketch. Youssef is known for his attention to detail, ensuring that the final product reflects the client's brand and messaging. He believes that communication is key to any successful project and strives to keep his clients informed throughout the design process. With over 100 completed projects and positive feedback from clients, Youssef is committed to delivering exceptional customer service and meeting his clients' needs.

COURSES

Full Stack Web development

07/2021 – 09/2021 | Cairo, Egypt

One Million Arab Coders

In 2021, I completed a Full Stack Web Development course on One Million Arab Coders. I learned HTML, CSS, JavaScript, Node.js, MongoDB, and React, and applied my knowledge through hands-on projects. The course emphasized practical learning and prepared me to build modern web applications.
